

Fidelity Young Entrepreneurs Mentoring Programme (FYEMP)

Boosting business growth and productivity of young entrepreneurs through mentoring by experienced business leaders.

[Info Session](#)

[FYEMP Application](#)

Fidelity Bank is committed to empowering young entrepreneurs and businesses as catalysts for social and economic development in Ghana. FYEMP is designed to enhance the Fidelity Young Entrepreneur's Initiative, a youth-support fund that provides financial and non-financial resources to enable youth-related businesses to survive and thrive. FYEMP seeks to pair young entrepreneurs with seasoned business leaders and mentors who will serve as business coaches.

We know that young entrepreneurs face a significant number of challenges when implementing their business strategy and vision. This programme is tailored to address these hurdles and offer the needed guidance. A team of seasoned business leaders, management experts and successful entrepreneurs who have walked the walk will be on-hand to offer invaluable advice and expertise.

If you are a young entrepreneur seeking guidance and expert advice, this is an opportunity you cannot afford to miss.

In partnership with Mowgli Mentoring, a renowned UK-based mentoring organisation, Fidelity Bank brings you this innovative business mentoring initiative to empower entrepreneurs and businesses to go further, faster!

Through the programme, you will...

- Receive guidance from an experienced and trained mentor who will stand with you in a shoulder-to-shoulder relationship and act as your guide, personal confidant, and cheerleader
- Increase your motivation, confidence, and likelihood of business success
- Develop a greater sense of self-awareness and develop your leadership
- Develop key management skills, including listening and communication
- Further develop your emotional intelligence and management

Eligibility Criteria

- ✓ You are interested in the Fidelity Young Entrepreneurs Initiative (FYEI)
- ✓ Your product or service contributes and aligns to one of the 17 Sustainable Development Goals (SDGs)
- ✓ You are navigating an important transition or decision in your business that mentoring can support you with
- ✓ You are open-minded, with a growth mindset and ready to improve your knowledge
- ✓ You are ready to commit to the mentoring programme for 6 months (July 2023 to December 2023)
